“ST. FRANCIS OF THE BAYOU”: ARTIST UNVEILS NEW MURAL AT RUTH’S ROOTS

By CASSANDRA FAVRE
STAFF WRITER

Bob McGraw’s first piece of public artwork is now on display at Ruth’s Roots community garden and also honors the victims of Hurricane Laura, which made landfall on Aug. 26 in Louisiana. McGraw, a retired engineer and school teacher, and his wife moved to Bay St. Louis more than five years ago. “We really love it,” he said. “We’ve settled here and I was looking for something to do in my retirement. I started to fiddle around with wood carving and one thing led to another and I started doing other forms of art and it kind of evolved into spending a lot of my time doing that.” McGraw said he was glad to be able to contribute something to this “wonderful place.” “We kind of discovered it (Ruth’s Roots) walking our dog, T-Bone,” he

said. “It’s a place to duck in and for him to get a drink at the fish pond and just kind of relax for a minute and we just found it to be very refreshing.” He went on to say that the garden is a “real asset to the community.” McGraw’s mural is titled “St. Francis of the Bayou,” which came into being after his son-in-law “jokingly said that it would be really cool to render St. Francis holding an alligator.” “I just thought that was a cool idea,” he said. “The more I thought about it, the more sense it made in terms of the legacy of St. Francis, sort of translating St. Francis into the culture of the local.” McGraw said that St. Francis lived during the 1200s and founded religious orders focused on the poor. “And he was known for his love of nature and animals,” McGraw said. “And there are several stories about him. About

his preaching to birds and stopping a wolf from attacking a town by getting the townspeople to agree to feed the wolf. Some of them are a little fantastical, but he definitely was known as someone who had a lot of appreciation of nature. He wrote that he viewed nature as a mirror of God and that he viewed the creatures of the world as his brothers and sisters. And in 1979, Pope John Paul II declared that he was the Patron Saint of Ecology.” There are already statues in Ruth’s Roots paying homage to St. Francis, he added. McGraw said he started doing small carvings and decided to try creating something larger. “The opportunity arose and they were kind enough to allow me to do it here,” he said. McGraw said the idea

Gov. Tate Reeves on Monday announced the extension of the Safe Return Order, which includes the statewide mask mandate, until Wednesday, Sept. 30 at 5 p.m.

Executive Order 1522 also includes amendments to COVID-19 social distancing measures.

“Group gathering limitations are now at no more than 10 indoors or 50 outdoors when social distancing is not possible,” the release states. “If people are able to social distance, group gatherings are set at no more than 20 indoors or 100 outdoors.”

The maximum capacity for retail businesses, restaurants, gyms and seated dinners at reception halls, and conferences has been increased to 75 percent. Party sizes in restaurants are now limited to 10 people per table, and gyms can be open 24 hours a day.

to dedicate the mural to the victims of Hurricane Laura was the brainchild of garden founder Elise Deano.

“Clearly, that hadn’t happened when I started on this one, but it was very timely to do that I think,” he said. “They’re still suffering and I think those in this area have a deep appreciation for the difficulties they face in recovery from that and the suffering they’ve been through. It’s not a concrete thing that is helping them, but at least it’s a way of asking people to remember them in their thoughts and prayers.”

Diamondhead mayoral election postponed due to HURRICANE SALLY

BY GEOFF BELCHER
GENERAL MANAGER

The Diamondhead City Council on Monday determined in an emergency meeting on Monday that the special mayoral election originally scheduled for Tuesday, Sept. 15, must be postponed due to the potential fallout from Hurricane Sally.

Unfortunately, a city employee said Monday, “that means we have to start from scratch with a new qualifying period, a new absentee voting period,

like it never happened,” according to the Mississippi Secretary of State’s office.

The seat became vacant after Mayor Thomas E. “Tommy” Schafer died on July 31 from complications after surgery.

Hancock NAACP, city of Waveland, CELEBRATE SMALL BUSINESS

BY GEOFF BELCHER
GENERAL MANAGER

The Hancock County branch of the NAACP and the city of Waveland last week helped Ricard's Painting owners Leroy and Jessica Ricard celebrate the grand opening of their new office and warehouse at 904 Hwy. 90.

"The reason the NAACP

is involved in this is to emphasize not only small businesses, but black-owned businesses," Bryan Therolf said Friday, "not just in Waveland or Bay St. Louis, but 'One Coast.' Small businesses right now rely heavily on our support."

"This is a bad time for America right now," Waveland Mayor Mike Smith said. "IT's im-

portant for the city to support small business, to support black-owned businesses. ... Leroy and Jessica, I appreciate your investment in the city and everything you do for the city.

"One Coast, Mr. Bryan said. That's very important right now. We're just one big family."

Ricard's Painting opened in October 2000 and

works for both private and commercial entities, performing, house painting, pressure washing, drywall finishing and more.

SEA COAST ECHO

The Mississippi State Department of Health (MSDH) on Monday reported 145 new cases of COVID-19 in the state — including two in Hancock County — and nine new deaths, all of which occurred between Aug. 13 and Sept. 4 and were identified from death certificates.

"Mississippi's total of COVID-19 cases for the year now stands at 90,018, with 2,706 deaths," according to the agency's statement on Monday.

As of Monday, a total of 540 cases with 20 deaths had been reported in Hancock County, with nine cases and four deaths in long-term care facilities.

Pear River County had a total of 823 cases with 49 deaths, including 71 cases and 20 deaths in long-term care.

The MSDH reported

that as of Sept. 13, approximately 78,971 Mississippians had recovered from the virus.

Also as of Sept. 13, 684,111 Mississippi residents had been tested for the virus.

As of Sept. 10, there were 545 people hospitalized in Mississippi with confirmed infections. Of those, 100 were on ventilators.

"Anyone with symptoms of fever, severe cough or severe chest pains — especially those who are older or in poor health — should make arrangements for testing with their doctor or one of the many healthcare providers now performing testing," according to MSDH. "Healthcare providers can assess your health history and symptoms, and perform testing for COVID-19 as needed. MSDH is also helping conduct free drive-up testing sites in many parts of the state. Always call ahead to the testing provider for instructions on safely being examined before you visit for your test."

There are COVID-19 testing sites open in Hancock County.

RESPONSIBLE?

In recent years, the cities of Bay St. Louis and Waveland have become home to a new phenomenon, the golf cart. Not a day goes by that I don't see one traveling slowly down the streets. Also, not a day goes by that I don't see someone either holding a small child in their lap, or someone who appears to be underage driving one of these vehicles, or unrestrained riders. When I was about 11 years old, I was one of those unrestrained riders riding in a golf cart with a teenage driver. We were driving in circles in the parking lot of our church. I was standing on the back of the golf cart unrestrained, with only my hand holding onto a bar. The driver took one of those turns too sharp, I lost my grip, and fell onto the pavement hitting my head. As a result, I was diagnosed with a concussion and had a blood clot in my head, which led to a three-day hospital stay and a summer of bed rest and limited activity. Thankfully, it wasn't anything more serious than that. Although, to an 11-year-old, it was a terrifying experience and it still haunts me. I think I've only been on a golf cart once since then and that was to cover a story on an actual golf course. I never held, and still hold, no ill will against the driver of the golf cart. They were inexperienced at driving and I should have known better and restrained myself. Yet, the people I see holding small children don't seem to know very much about safety and responsibility. What happens if there's an accident and the child is thrown from their arms? I read a story this week out of Montgomery County, Texas: "Child Killed when Golf Cart Flips." "The 11-year-old boy was suffering from a severe head injury," the article from the Montgomery County Police Reporter states. "CPR was immediately started and he was transported to Tomball Hospital where he was pronounced deceased. According to witnesses, a teen was driving the golf cart on the road with several other juveniles on it. The cart rolled onto its side causing the child to hit the pavement." It's such a sad story, and one that hit way too close to home for me. But his death might have been prevented if some proper health and safety measures were used. When Tropical Storm Cristobal was rolling ashore, I took a drive down Beach Boulevard to take some pictures. Right in front of me was a golf cart with two adults

WICKER URGES MISSISSIPPIANS TO COMPLETE THE CENSUS

MISSISSIPPI IS LAGGING BEHIND AS NATIONAL EFFORT NEARS COMPLETION

As a second-semester freshman at Ole Miss in 1970, I earned a few hundred dollars working as a part-time census taker. My job was to count every male student on campus that spring – approximately 3,500 young men. The job proved more extensive and time-consuming than I had expected, and I can say I earned every penny of that paycheck. This year, census takers are making the rounds once again as our country conducts the census required every 10 years by our Constitution. Techniques are different now, making it much easier to participate. In addition to answering door-to-door surveys, residents can complete the census online and over the phone. In fact, 88 percent of

From the Senate
By Sen. Roger Wicker

respondents this year have chosen the online option.

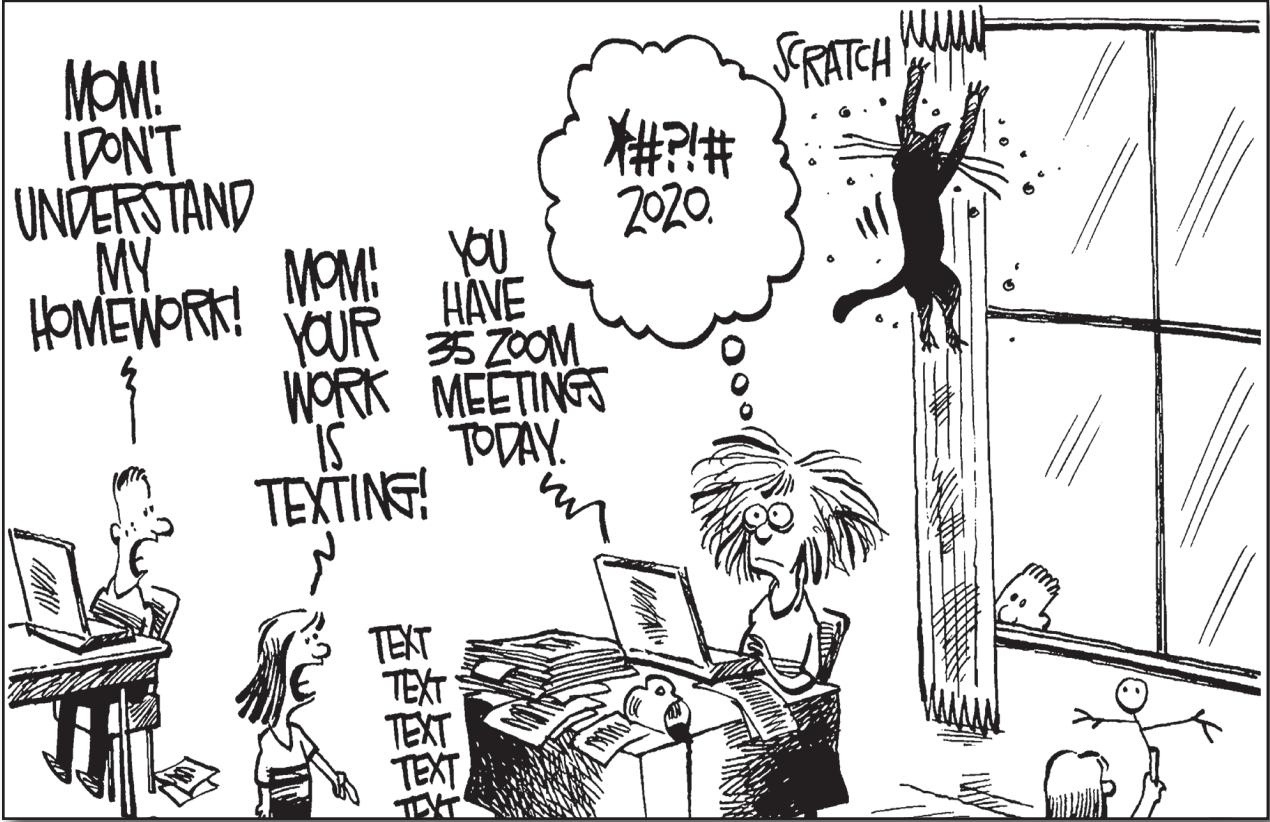

NO GOOD REASONS TO SKIP THE CENSUS

The September 30 deadline to complete the census is fast approaching, but unfortunately our state is lagging well behind the national response rate. I would ask every Mississippian to make sure they have completed the

census before time runs out. This is a civic obligation just like voting or performing jury duty. There are several common excuses for sitting out the census, but none of them hold up to scrutiny. Here are a few examples followed by the facts. EXCUSE: The census will violate personal privacy. FACT: Federal law requires the government to keep this information confidential, and every census worker takes an oath to protect respondents' personal information under penalty of fines and imprisonment. In addition, census workers will never ask for a Social Security number or donation. EXCUSE: The census takers at the door could be fraudulent. FACT: All census field workers can be

identified by badges that contain their name, their photograph, a Department of Commerce watermark, and an expiration date. EXCUSE: One absence will not make a real difference. FACT: Given all that is at stake in the census, every household makes a difference. The census determines Mississippi's political representation in Congress and the Electoral College, the amount of federal dollars our communities receive for roads, hospitals, and schools, and even relief money for COVID-19 and natural disasters like hurricanes and floods. We need a strong head count to make sure our state is accurately represented. EXCUSE: The survey takes too long to

We should make it easier for NEW residents to work

Wendy Swart was a cosmetologist in Pennsylvania for more than 30 years. Dana Presley cut hair in Florida for more than a decade. Dawn Roy was a teacher in Arkansas. What do each of these women have in common? They were all professionals licensed in other states who moved to Mississippi ready to work, only to receive a red light from government upon entering what we call the Hospitality State. Wendy's husband landed a job in South Mississippi, necessitating the move. Similar story with Dana, whose husband began working at Mississippi State. They thought transferring their cosmetology licenses, which had spotless records, would be easy. The same is true of Dawn. She moved back to Mississippi to be near family. Yet while we often hear of teacher shortages, she continued to run into trouble in getting a license. In a state that is losing thousands of resi-

dents each year and had the highest unemployment rate in the country pre-pandemic, we are making it hard for those actually moving to Mississippi and wanting to work here. It makes no sense to allow the government to obstruct an individual's ability to work and earn a living. If our goals are to encourage people to move to Mississippi and to make it easier to work, that can – and should – change. Last year, Arizona became the first state in the nation to provide universal recognition for occupational licenses, even if

the state you are moving from won't recognize a license you received in Arizona. The premise is simple: If you learned to cut hair in, say, Florida or Pennsylvania, you should be able to cut hair in Mississippi. Common sense would tell us you don't forget how to practice a skill you've dedicated your life to just because you cross state lines. What has that meant for Arizona? In one of the fastest growing states in America, in the past year over 1,100 new Arizonans have applied for and been granted a license to work in the Grand Canyon State in fields ranging from cosmetology to engineering. Multiple bills were introduced this year to bring such a law to the Magnolia State. It's much needed, but all bills died in committee without consideration. While Mississippi punt- ed, Montana, Pennsylvania, Utah, Idaho, Iowa, and Missouri all followed Arizona. The reason such a law is necessary is because

many boards in the state claim to offer reciprocity. Yet those boards are tasked with trying to compare education or training across the 50 states, either delaying your ability to work for an extended period of time or preventing you from working at all. Often, they will demand you take new classes to re-learn what you've already been taught, requiring an investment of both time and money. A similar measure exclusively for military families was signed into law this year. Now, applicants in military families are eligible to receive a license if they have held a license in good standing for at least one year and they completed testing or training requirements in the initiating state. If you come from a state that does not require a license in a field that Mississippi does, you have a clear pathway to licensure if you have worked for at least three years in that

I can only imagine what would have happened if a big gust of wind had toppled that small golf cart over. To me, they don't seem like a safe mode of transportation. the COVID-19 restrictions, people are whining that they are responsible for their own health and safety. And from what I've seen, at least when it comes to golf cart usage, people are a long way off from being responsible. Sure, if an adult wants to take the risk and ride unrestrained in a golf cart or any other vehicle, they take on the risk that they could be seriously injured. And, yes, I know that injury can still occur whether restrained or not. However, that small child sitting in a person's lap. Where's their choice in the matter? Is it fair for them to be put into a potentially life-threatening situation? I don't think it is fair. I don't think it's responsible to send pre-teens out to drive a golf cart either. On what is supposed to be a walking and bike path along the beach, I've sometimes seen

young people driving a golf cart on that pathway, which they are not supposed to do. I also know that law enforcement officers can't be everywhere at once and regulating golf carts is probably a tedious task. So, I would implore people to show us how responsible they can be when it comes to taking of their own and their family's well-being. Wear the proper restraints, properly restrain your children, and don't let underage drivers behind the wheel. I don't want to write up a tragic story like this young boy's from Texas. He had his whole life ahead of him and now it's gone, in the blink of an eye. We definitely aren't promised tomorrow, no matter how responsible we might be with our health and safety. FENNON ROGERS

Fennon Rogers, 82, of Gulfport, MS passed away Saturday, August 30, 2020 in Gulfport, MS. Visitation was held Monday, September 14, 2020 at Edmond Fahey Funeral Home from 10:00 a.m. until 11:00 a.m. with a Memorial Service at 11:00 a.m. Marly Rogers appreciated family and friends

coming to express condolences. Edmond Fahey Funeral Home in Bay St. Louis, MS was in charge of the arrangements.

AILEEN FRANCES SAUZER

On September 10, 2020, our beloved mother, grandmother and great grandmother, Aileen Frances Sauzer, of Kiln, MS, passed away peacefully at the age of 96. She was preceded in death by her loving husband of 75 years, George Sauzer. Together they raised two children, Beverly Sauzer Chauvin and George V Sauzer. She is also survived by her sister Katie Gillespie of South Charleston, West Virginia, seven grandchildren, and eleven great grandchildren. Having grown up during The Great Depression, our mother knew the meaning of helping others. She and her husband George opened the first Food Pantry in Hancock County, Mississippi in 1986. Both worked tirelessly every day for 25 years helping others who were less fortunate than

themselves. In 1992, Aileen was recognized by The Council On Aging for her work with the Hancock County Food Pantry with a Distinguished Service Award. She received this award for serving over 6000 volunteer hours and traveling hundreds of miles without compensation. The Food Pantry is still operating today helping families in need because of her efforts and dedication. In 1997, our mother was recognized as one of the Mississippi Woman of the Year “The Power Of One.” Every month Aileen and her husband worked giving out 450 food baskets every month. Our mother also served on the Foster Care Review Board which reviews child abuse cases. Our mother’s mission was “to take care of the needy.” She did this lovingly and was loved and admired by anyone who ever met her. Her family rejoiced

es in the fact that she is finally with the love of her life, her husband George. In lieu of flowers, we know she would love donations to The Hancock Food Pantry at 9972 MS HWY 603, Bay St. Louis, MS 39520. A special thanks to Southern Hospice, Darlene Storey, and Jill Savoie for their wonderful care. Visitation will be held Monday, September 21, 2020 at Edmond Fahey Funeral Home from 10:00 a.m. to 11:00 a.m. with a prayer service at 11:00 a.m. Interment to follow at Biloxi National Cemetery in Biloxi, MS. Edmond Fahey Funeral Home is in charge of the arrangements.

field. Moreover, boards are required to issue a temporary license if an application may take longer than two weeks to process.

Those are all great steps that could help steer the state’s economy in the right direction. It just needs to be ex-

panded. After all, today, about one in five need a license to work, a strong contrast from the 1950s when just five percent of the population needed permission from the government to earn a living.

It should not be this difficult to work in Mississippi. For a state that has been on the wrong side of domestic migration over the past half-decade and during a time of economic un-

certainty, we should be welcoming new residents with open arms to the state. Instead, we are putting up roadblocks.

Let’s remove government barriers and make it easier to work.

IT’S NOT WHAT YOU SAY; IT’S HOW YOU SAY IT! By GARY ANDREWS

I saw a short video the other day that made a tremendous impact on me. It showed a man sitting on a sidewalk asking for donations. The man had a sign next to him that read “I am blind, please help.” Many people were walking by but only a few were dropping money into the can he had. People were reading the sign however they weren’t thinking about his handicap and the problems he was experiencing. It’s this way every day for most of us. We see people in need and don’t stop to think about their needs because we are so busy trying to satisfy our desires. We are so preoccupied with what we are doing or where we are going that we don’t notice the ones around us, especially the ones that can use our help. Life is passing us by and we don’t even realize the joy we are missing by helping our brothers and sisters in need. All of us need to realize that at any time we can go from having what we need such as a job, food on the table, a roof over our head, and

a family we can depend on to nothing at all. The ones of us that have what we need should realize that not everyone around us are as well off as we are. Many people do not want others to know they are hurting but will give signs of need that we should be able to see and read. I know firsthand about having too much pride when I was in a time of need but thanks to Godly people around me they saw through my piety and offered much needed help. Then there are those who actually ask for help and we should hear their plea and be there for them. Jesus was the greatest example when He came to dealing with people. He met their needs and also gave Himself to die for all of our sins so that we may have eternal salvation. What more could anyone ever ask for. Jesus never missed a chance to help anyone and offers eternity to anyone that believes and has faith in Him. All of us need to read other people’s needs and see how we can help, just as Jesus did. The blind man who was sitting on the street could

hear the people passing in front of him however his sign was not attracting the attention he needed. One lady came by, stopped in front of him, picked up his sign turned it over and wrote new words. Her new sign read, “It’s a beautiful day and I can’t see it.” Her words attracted many more people because it was not stating what was wrong with him, simply stating that he could not enjoy what everyone around him was seeing. A lot more people understood his need because they could visualize what he didn’t have and gave generously to him. All of us need to pay more attention to those around us and help them in their time of need, especially those that need Jesus. All of us need to be extremely generous when it comes to our Christian witness. Prayer: Lord I pray that I can be like you and see the needs of those around me. Thank you for the ones that have helped me in the past. Thank you for your saving grace. Amen.

BAY HIGH SCHOOL TIGERS SHUTOUT IRISH

BY MAURICE SINGLETON

The Bay High Tigers opened their football season and the Jeremy Turcotte era as head coach with a 32-0 shutout win over the St. Patrick Irish on J.D. McCullough Stadium's Tank Williams Field in Bay St. Louis on Friday. The teams played to a scoreless first quarter, but the Tigers got going in the second quarter, scoring half their points in the period.

The Tigers' defense set the tone in the first quarter with a huge stop as the Irish moved the ball to the Tigers' one yard line. With three consecutive sacks by senior Kyle Fayard, which led to an Irish unsuccessful field goal attempt with just under a minute remaining in the first quarter.

The Tigers' offense capitalized on that momentum as senior quarterback Josh Peters connected on a 37-yard pass play to Hosea Singleton to the Irish 43 yard line on the final play of the first quarter. Peters closed out the possession with a 15-yard pass to Carmello Simpson for the Tigers' first score.

The Tigers' defense held the Irish to a net gain of two yards and forced a punt from the Irish 6 yard line. Tigers' linebacker Lawrence Peterson broke through the line of scrimmage and blocked the punt into the

Senior Kyle Fayard led the Bay High defense with four sacks and two forced fumbles in their 32-0 shutout win over St. Patrick Catholic High School in Bay St. Louis on Friday.

end zone for a safety and a 9-0 lead for the Tigers.

The Tigers' offense wasted little time following the safety before they scored again, as Peters connected with Noah Cutter for a 46-yard pass play, three snaps after the safety for a 16-0 lead with just under eight minutes to play in the first half.

The Irish mounted a 10-play drive on their ensuing possession, advancing the ball all the way to the Tigers' one yard line, but the Tigers' defense backed the Irish up a yard on fourth down, denying the Irish a second time on the night from one yard away from

scoring.

“Coach Greg Necaise and his staff had our defense playing lights out all night, playing Bay High old school physical football,” said Turcotte.

The Tigers continued to ride their offensive momentum in the second half as Terron Bedford returned the second half kickoff 25 yards to the Irish 35 yard line. Cutter took over for the Tigers from there as he carried twice, the first a 30-yarder and then a five-yarder for the score and a 23-0 lead.

The Tigers delayed the Irish offense an opportunity as the Tigers recovered the short kick

off. The Tigers failed to pick up a first down, but the time that ticked away from Irish offense gave the Tigers' defense some value rest time as the Irish offense didn't come onto the field until about only four and a half minutes remained on the third quarter clock.

With the Tigers' offense clicking and down by three scores, the Irish went to their passing game, throwing three consecutive incompletions, the third flagged for intentional grounding, forcing a punt attempt from their own one yard line. And once again, with intense pressure at the line of scrimmage, the Tigers forced a bad snap which went over the head of the punter and through the end zone for the game's second safety and a 25-0 lead for the Tigers.

Cutter closed out the game's scoring with a 42-yard touchdown carry with 1:40 remaining on the game clock. He led all rushers with 86 yards on seven carries and two touchdowns. Cutter also finished the game with two receptions for 79 yards and a third touchdown.

Peters completed 8 of fifteen passes for 210 yards and two touchdowns. Trevor Bordelon was successful on four of four point-after-kicks.

Fayard led the Tigers' defense with four sacks and two forced fumbles. “We've got an incred-

ible group of seniors that have been here since they were eighth and ninth graders,” said Turcotte. “They lead by example. I'll be honest with you: They're like my police squad who keep every-

body in line. They're chewing on people for doing silly stuff.”

The Tigers (1-0) will host Perry Central (0-2) on Friday at 7:00 p.m. at J.D. McCullough Stadium.

HAWKS FALL TO TOMCATS, 34-9

BY DWAYNE BREMER
CONTRIBUTING WRITER

The Hancock Hawks on Friday dropped their home opener, 34-9 to the Stone County Tomcats at Brett Favre field.

Stone County Junior tailback Carlos Brown rushed for 151 yards on the evening and quarterback Triston Hickman threw for two scores and ran for another.

Stone took control of the game early after a Hancock fumble on their first drive. The Tomcats then marched 31 yards for the opening score.

Hickman capped the drive with a five-yard run. The Hawks then put together a nice drive of their own, which reached the Tomcats ten.

Sema'J Robertson's 40-yard pass to Wyatt Ladner was the big play in the drive. The Hawks, however, missed a field-goal attempt and the score remained 7-0.

The Tomcats then put together their best drive of the game, marching 80-yards for their second score. This time, it was Brown doing the honors with a three-yard scoring run after an 11-play drive.

The Tomcats next drive was thwarted when Tanner Lemon made a sliding interception on the sideline.

The Hawks drove into Tomcat territory, but turned

the ball over on downs with 1:38 to play in the half. Brown then busted loose on a 40-yard run, and three plays later, Hickman tossed a 10-yard touchdown pass to Noah Tice to make the score 21-0 at halftime.

Hancock cut the lead to 21-7 midway through the third quarter when Kaleb Crowe scored on an 11-yard run. Finn Cowan added the point-after.

The score was set up by a 45-yard interception return by Hancock's Cameron Miller.

Hancock attempted an on-sides kick, but it was recovered by Stone at three 46.

The Tomcats took advantage of the good field position, and marched 54 yards on six plays to reach the endzone again. Brown capped the drive with a three-yard scoring run. The point-after was no good, but the score was now 27-7.

Early in the fourth quarter, the Tomcats put the game away for good when Hickman connected with Steven McDonald for a 48-yard touchdown pass.

Hancock added a safety late in the game when Joey Alligood tackled a Tomcat runner in the endzone for a safety. The final score was 34-9.

Hancock will travel to North East Lauderdale on Friday.

PLAYERS OF THE WEEK

ASHLEY BULOT

OUR LADY ACADEMY

The Volleyball Player of the Week is Our Lady Academy's Ashley Bulot. During the past week, Bulot helped OLA best West Marion in three sets but fall in five to Biloxi. Bulot's stats for the week include 29 kills, seven points, 25 assists, nine digs, and three blocks.

ST. STANISLAUS TRIPS UP TROJANS 21-19

BY JOSEPH W. GEX, II
STAFF WRITER

The Saint Stanislaus Rock-a-chaws used opportunistic defense and a strong second half offensive surge to trip up the West Marion Trojans 21-19 at Pearl River Community College Friday night.

The Rocks (2-0) and the Trojans (1-1) met for the first time on the gridiron Friday night.

The two squads alternated possessions to start the game with each squad forcing a stop on defense.

West Marion took over on their own 29 yard line when Jartavius Martin sprinted 71 yards for a touchdown with 6:25 left in the first quarter. Jayden Duncan converted on the PAT to make the score 7-0.

SSC answered right away on the ensuing possession. Gage Peterson connected with Kyle Stegall for a 40-yard gain before Peterson called his own number for a 25-yard touchdown with 5:49 left in the opening quarter. Gene Hoffman converted the PAT to knot the score 7-7.

The remainder of the first half was a defensive showdown for both squads until less than a minute before intermission. With West Marion driving, the Rocks' defensive backfield of Trustin Northington, Ja-Kobe Cameron and Des-

tin Whavers all broke up pass attempts to force a turnover on downs at the Rock 38 yard line.

Stegall bullied his way forward for 23 yards followed by consecutive Trojan penalties that brought the ball to the Trojan 19 yard line. With time expiring, Peterson hit Connor Ladner for what appeared to be a 19-yard scoring toss only to have the play overturned by a holding penalty. With an untimed play, the Rocks tossed an incomplete pass to end the half.

The teams again battled wits defensively for the first two possessions each before the Rocks found a seam.

Starting at their own 24 yard line, Chandler Chapman had gains of seven, 13, and 40 yards on runs followed by a Trojan penalty that brought the ball down to the eight yard line.

Stegall added a four yard gain followed by Peterson's four yard scoring plunge with 10:38 left in the game. Hoffman converted the PAT to make the score 14-7.

West Marion answered the Rocks' challenge with a quick score of their own following an insides kick attempt. Martin ripped off a 20-yard gain to the Rock 32 yard line. A late hit penalty brought the ball to the 17 yard line. On the next play, Jakaden Mark

scored on a 17-yard scamper with 10:13 left in the game. Northington and Hoffman blocked the PAT by Duncan leaving the score 14-13.

SSC put the pressure on the Trojans with a seven-play scoring drive on the ensuing possession. Stegall ripped off gains of 11, nine, 35 and 10 yards before Chapman scored from nine yards out with 6:24 left in the game. Hoffman's PAT attempt was good making the score 21-13.

On the ensuing kickoff, the ball was stripped by Hoffman and recovered at the Trojan 31 yard line but a penalty by the Rocks pushed the ball back to the Trojan 46 yard line.

The turnover was to no avail as the Rocks threw an interception at the Trojan 25 yard line. West Marion returned it to near mid-field.

Duncan tossed a 31-yard aerial to Qavonte Swanigan down to the Rock 12 yard line. Mark scored from 12 yards out on the best play. The two-point conversion to tie the game was stopped leaving the final score 21-19.

SSC head coach Nate Encrapera commented, "This game turned out pretty much like we expected it to be. West Marion is an athletic team with perhaps the most athletic offensive backfield we will see all season. They are a team that

will stretch you. Their coaches had them well prepared. We knew this would be a great challenge for us. Now, we have to get better each day this week. Coach Ross at Long Beach has been around for a while and knows how to win. He has Long Beach headed in the right direction so we need to be mentally and physically ready next Friday when

we enter their stadium."

The Rocks were led by Stegall who had 13 carries for 132 yards and two receptions for 53 yards. Chapman added 10 carries for 95 yards and a touchdown followed by Peterson with eight carries for 32 yards and two touchdowns. Peterson also threw for 72 yards and an interception on 7-for-12 passing. On defense, the Rocks were

led by Bilich with 13 tackles including seven solos followed by Ryan Tyler with 11, Ryan McClellon with 10, and Northington with eight tackles, two pass break-ups, and a blocked PAT.

This week the Rocks travel to Long Beach to tangle with the Bearcats who fell to Vancleave 27-7 last week. Game time is set for 7 p.m. See you at the game!

added 13 kills and four blocks while Alexa Palmer contributed 10 kills, two blocks, and six digs.

Alex Fausett produced 47 digs and four aces while Klair Cuevas added 29 assists and six aces.

Hancock head coach Lysie Gayden stated, "We told the girls that we had to play our game after coming off the high of beating Gulfport. We kept that mindset to go 2-0 in division. Against Gulfport, we played perhaps our best game as a team. When we do that, we can play with anyone."

OUR LADY ACADEMY

The Crescents are currently 8-6 overall and 4-0 in division play. The Crescents split with West Marion and

Biloxi last week. OLA topped West Marion on Tuesday 25-11, 25-10, and 25-12 before falling to Biloxi 13-25, 25-22, 26-24, 17-25, and 6-15.

For the week, Ashley Bulot had 29 kills, 25 assists, seven points, nine digs and three blocks while Averie Templeton added 27 points, 14 digs, four kills and one block.

Kate Funk delivered six aces, 21 points, 30 assists, and seven digs. Avery Matheson contributed eight kills, nine points, and 24 digs while Anna Laura Williford added 15 kills, 19 points, and six aces. Shelby Zimmermann had three aces, 10 points, and 10 kills. Grace Koons tallied 13 digs while Sara Hollingsworth added nine digs.

OLA head coach Emily Corley added, "Our young players have really stepped up in the rotation. The older players are taking responsibility to bring the younger ones along. It will be crucial as we continue through the season."
